

Life On Wheels Birmingham Impact Report

2025

OUR MISSION & OVERVIEW

SERVE WOMEN, SAVE BABIES, SHARE JESUS

At Life On Wheels, we are dedicated to **empowering families** through compassionate care and support. In 2025, we aimed to enhance our outreach, providing more locations, valuable resources, and services to pregnant women and families in need across Birmingham, Alabama.

THE NEED

Many women in the Birmingham area face unplanned pregnancies without access to timely medical care, accurate information, or compassionate support. Barriers such as transportation, cost, and fear often prevent women from seeking help; and many order the

abortion pill online.

Life On Wheels exists to meet women where they are, bringing hope, care, and truth directly into their communities through a mobile medical ministry.

1,038,100 ABORTIONS

64%

of abortions in the US
are done with
the abortion pill

The reality is that we do not truly know how many total abortions are taking place in the United States. While data shows more than 1,038,100 registered abortions in 2024, this figure reflects abortions reported by states where abortion is permitted and data is collected. Early studies from the first half of 2025 suggest even higher numbers, yet these figures remain incomplete. The growing availability of the abortion pill—now accessible in all 50 states and often obtained online or from sources outside the country—has made abortion increasingly private and difficult to track. In states with abortion restrictions there is no way to know how many women obtain abortion pills without ever entering a clinic or being reported, meaning current estimates likely underrepresent the true number of abortions nationwide.

With abortion pills often just one click away through a smartphone, pregnancy decisions are being made faster and in isolation. In this reality, on-demand ultrasound access is more important than ever, especially knowing that 89.1% of women who see their baby for the first time on ultrasound choose to parent. Ultrasound provides clarity, and our team provides loving compassionate counsel, and a powerful opportunity for women to make an informed, life-affirming choice.

Dr. Aldred provides compassionate, Christ-centered leadership and a heart for providing life-affirming care to women in crisis. He practices obstetrics and gynecology at OB-GYN South.

**BIRMINGHAM
EXECUTIVE DIRECTOR
ALEJANDRA LEWIS**

Ale served as the Director of Ministry Development for Life On Wheels Birmingham from May 2023 through April 2025, before stepping into her new role as executive director.

WHAT IS COMING

As we look ahead to **2026**, we are filled with anticipation for all that the Lord has prepared for us. We move forward trusting in His provision and favor, committed to the call He has placed on this ministry—more of Him and less of us. In the coming year, we plan to offer meaningful opportunities for our community to gather and engage, including a Car Show, Silent Auction, Blue Jeans BBQ, and a Fun Run, all to advance this life-saving mission. We desire to remain obedient and faithful as we continue to serve women, save babies, and share Jesus. As Scripture reminds us, “For You created my inmost being; You knit me together in my mother’s womb. I praise You because I am fearfully and wonderfully made.” (Psalm 139:13-14). Thank you for standing with us.

DONATE

Become a Godparent, your monthly support will help us provide free ultrasounds and pregnancy tests.

We ask for prayer that the Holy Spirit would dwell richly on the Life On Wheels bus, filling it with God’s presence and light (Psalm 27:1). Please pray that abortion-minded women would be guided to us, that their hearts would be softened, and that truth, hope, and life would be revealed.
