## **247 babies saved: so far!**

We are in a battle! As pro-abortion funding increases, and the state's largest abortion funder, the Yellowhammer Fund, is receiving massive support, we have to focus on what **we** are called to do.

**Out of 40 + ICU mobile units across the United States, only 5 units are active during this pandemic and Montgomery and Birmingham mobile units are 2 of those 5!**

**We HAVE to go - we have clients to serve!**

We launched this year in Birmingham with a completely debt free mobile unit and ultrasound machine and enough funding to keep us working for three months. Please consider supporting us on the front lines.

Planned Parenthood in Birmingham has "coming soon" signs . We are on the front lines in front of the Montgomery abortion clinic.

**Join our Recue Team as we serve women, save babies, and share Jesus!**
